Storage area 1 is 4.4 km east-northeast of Arys, storage area 2 is 3.3 km north of Arys, and storage area 3 is 6 km northeast of Arys (Figure 1).

The installation covers approximately 520 acres and contains 4 administration buildings, 13 barracks, 3 possible barracks, 48 revetted storage buildings, 17 general storage buildings, 1 revetted bunker, 9 bunkers, 1 bunker under construction, 4 multidormered buildings, 3 possible laboratory buildings, 51 support buildings, 44 probable support buildings, and 21 guard houses. The installation was covered on [redacted] missions of interpretable quality between [redacted] Comparative analysis indicates continuing change in facilities at all 3 main storage areas. These changes include expansion of the secured areas around the 3 sites, construction of new buildings, revetting of older buildings, construction of new bunkers, and extension of rail spurs. Recent comparative analysis indicates year-round occupancy and activity in all areas of the installation.
